

# SAFETY DATA SHEET

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

### Section 1. Identification

<b>Product name</b>	:	Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)
<b>Product description</b>	:	Antiperspirant
<b>CUC Code</b>	:	200000269233
<b>Product code</b>	:	69679470_U, 69679470
<b>DU Code</b>	:	69696630

#### Relevant identified uses of the substance or mixture and uses advised against

Identified uses
Consumer uses Antiperspirant

<b>Supplier's details</b>	:	Unilever Australasia  219 North Rocks Rd North Rocks, NSW AUSTRALIA 2151 +61 2 9871 9200 Consumer Relations Department: Mon-Fri 9:00 am - 5:00 pm
<b>Emergency telephone number (with hours of operation)</b>	:	POISONS INFORMATION CENTRE [24 hours]: 131 126

### Section 2. Hazard(s) identification

**Classification of the substance or mixture** : Not classified.

Percentage of the mixture consisting of ingredient(s) of unknown acute oral toxicity: 0 %  
 Percentage of the mixture consisting of ingredient(s) of unknown acute dermal toxicity: 0 %  
 Percentage of the mixture consisting of ingredient(s) of unknown acute inhalation toxicity: 0 %

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

Percentage of the mixture consisting of ingredient(s) of unknown hazards to the aquatic environment: 0 %

**GHS label elements**

**Signal word** : **No signal word.**  
**Hazard statements** : No known significant effects or critical hazards.

**Precautionary statements**

**General** : P103 Read carefully and follow all instructions.  
P102 Keep out of reach of children.  
P101 If medical advice is needed, have product container or label at hand.

**Prevention** : Not applicable.

**Response** : Not applicable.

**Storage** : Not applicable.

**Disposal** : Not applicable.

**Supplemental label elements** : Not applicable.

**Other hazards which do not result in classification** : None known.

<b>Section 3. Composition and ingredient information</b>
--

**Substance/mixture** : Mixture

	% (w/w)	CAS number
--	---------	------------

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified and hence require reporting in this section.  
Occupational exposure limits, if available, are listed in Section 8.

<b>Section 4. First aid measures</b>
--------------------------------------

**Description of necessary first aid measures**

**Eye contact** : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.

**Inhalation** : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.

*Version:* 1.0

*Date of issue/Date of revision:* 26.10.2022

*Date of previous issue:* 00.00.0000

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

- Skin contact** : Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
- Ingestion** : Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

**Most important symptoms/effects, acute and delayed****Potential acute health effects**

- Eye contact** : No known significant effects or critical hazards.
- Inhalation** : No known significant effects or critical hazards.
- Skin contact** : No known significant effects or critical hazards.
- Ingestion** : No known significant effects or critical hazards.

**Over-exposure signs/symptoms**

- Eye contact** : No specific data.
- Inhalation** : None known.
- Skin contact** : No specific data.
- Ingestion** : None known.

**Indication of immediate medical attention and special treatment needed, if necessary**

- Notes to physician** : Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
- Specific treatments** : No specific treatment.
- Protection of first-aiders** : No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

<b>Section 5. Fire-fighting measures</b>
--

**Extinguishing media**

- Suitable extinguishing media** : Use an extinguishing agent suitable for the surrounding fire.
- Unsuitable extinguishing media** : None known.
- Specific hazards arising from the chemical** : In a fire or if heated, a pressure increase will occur and the container may burst.
- Hazardous thermal decomposition products** : Not relevant for these kind of mixtures

Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

- Special protective actions for fire-fighters** : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
- Special protective equipment for fire-fighters** : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.
- Remark** : Not relevant for these kind of mixtures

## Section 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

- For non-emergency personnel** : No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
- For emergency responders** : If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
- Environmental precautions** : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

### Methods and materials for containment and cleaning up

- Small spill** : Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
- Large spill** : Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

## Section 7. Handling and storage

### Precautions for safe handling

Version: 1.0

Date of issue/Date of revision: 26.10.2022

Date of previous issue: 00.00.0000

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

- Protective measures** : Put on appropriate personal protective equipment (see Section 8).
- Advice on general occupational hygiene** : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
- Conditions for safe storage, including any incompatibilities** : Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

## Section 8. Exposure controls and personal protection

### Control parameters

#### Occupational exposure limits

None.

- Appropriate engineering controls** : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.
- Environmental exposure controls** : Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

### Individual protection measures

- Hygiene measures** : Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.
- Eye/face protection** : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

**Skin protection**

- Hand protection** : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.
- Body protection** : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
- Other skin protection** : Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
- Respiratory protection** : Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.

**Section 9. Physical and chemical properties****9.1 Information on basic physical and chemical properties****Appearance**

- Physical state** : liquid
- Color** : Off-white.
- Odor** : Characteristic.
- pH** : 4.23 [Conc. (% w/w): 1,000 g/l ]
- Melting point/freezing point** : Under normal conditions, melting point/freezing point will not be observed
- Initial boiling point and boiling range** : Under normal conditions, initial boiling point/boiling range will not be observed
- Flash point** : Non-flammable.
- Flammability (solid, gas)** : Non-flammable.
- Density** : 1.1672 g/cm<sup>3</sup>
- Bulk density** : Not available.
- Upper/lower flammability or explosive limits** : **Lower:** Not flammable  
**Upper:** Not flammable
- Vapor pressure** : Not available.
- Vapor density** : Not relevant for these kind of mixtures
- Solubility in water** : Soluble
- Partition coefficient: n-octanol/water** : Not applicable for mixtures
- Auto-ignition temperature** : Not flammable
- Decomposition temperature** : Not relevant for these kind of mixtures
- Viscosity** : **Dynamic:** 3,300 mPa.s  
**Kinematic:** Based on available data, the classification criteria are not met.
- Explosive properties** : Not relevant for these kind of mixtures

Version: 1.0

Date of issue/Date of revision: 26.10.2022

Date of previous issue: 00.00.0000

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

**Oxidizing properties** : Not available.  
**Particle Characteristic** : Not available

**9.2 Other information****Aerosol product**

**Type of aerosol** : Not relevant for these kind of mixtures  
**Heat of combustion** : Not relevant for these kind of mixtures

**Section 10. Stability and reactivity**

**Reactivity** : No specific test data related to reactivity available for this product or its ingredients.  
**Chemical stability** : The product is stable.  
**Possibility of hazardous reactions** : Under normal conditions of storage and use, hazardous reactions will not occur.  
**Conditions to avoid** : None known.  
**Incompatible materials** : None known.  
**Hazardous decomposition products** : Under normal conditions of storage and use, hazardous decomposition products should not be produced.

**Section 11. Toxicological information****Information on toxicological effects****Acute toxicity**

**Conclusion/Summary** : Based on available data, the classification criteria are not met.

**Irritation/Corrosion****Conclusion/Summary**

**Skin** : Non-irritant to skin.  
**Eyes** : Non-irritating to the eyes.  
**Respiratory** : Non-irritating to the respiratory system.

**Sensitization****Conclusion/Summary**

**Skin** : Not sensitizing

*Version:* 1.0

*Date of issue/Date of revision:* 26.10.2022

*Date of previous issue:* 00.00.0000

Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

**Respiratory** : Not sensitizing

**Mutagenicity**

**Conclusion/Summary** : Based on available data, the classification criteria are not met.

**Carcinogenicity**

**Conclusion/Summary** : Based on available data, the classification criteria are not met.

**Reproductive toxicity**

**Conclusion/Summary** : Based on available data, the classification criteria are not met.

**Specific target organ toxicity (single exposure)**

None of the components are listed.

**Specific target organ toxicity (repeated exposure)**

None of the components are listed.

**Aspiration hazard**

None of the components are listed.

**Information on the likely routes of exposure** : Not available.

**Potential acute health effects**

**Eye contact** : No known significant effects or critical hazards.  
**Inhalation** : No known significant effects or critical hazards.  
**Skin contact** : No known significant effects or critical hazards.  
**Ingestion** : No known significant effects or critical hazards.

**Symptoms related to the physical, chemical and toxicological characteristics**

**Eye contact** : No specific data.  
**Inhalation** : None known.  
**Skin contact** : No specific data.  
**Ingestion** : None known.

**Delayed and immediate effects and also chronic effects from short and long term exposure**

**Short term exposure**

**Potential immediate effects** : No known significant effects or critical hazards.

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

**Potential delayed effects** : No known significant effects or critical hazards.

**Long term exposure**

**Potential immediate effects** : No known significant effects or critical hazards.

**Potential delayed effects** : No known significant effects or critical hazards.

**Potential chronic health effects**

**Conclusion/Summary** : Based on available data, the classification criteria are not met.

**General** : No known significant effects or critical hazards.

**Carcinogenicity** : No known significant effects or critical hazards.

**Mutagenicity** : No known significant effects or critical hazards.

**Fertility effects** : No known significant effects or critical hazards.

## Section 12. Ecological information

**Toxicity**

**Conclusion/Summary** : No known significant effects or critical hazards.

**Persistence and degradability**

**Conclusion/Summary** : The surfactants used in this mixture are readily biodegradable.

**Conclusion/Summary** : No known significant effects or critical hazards.

**Bioaccumulative potential**

Not available.

**Mobility in soil**

**Soil/water partition coefficient (KOC)** : Not available.

**Other adverse effects** : The substances used in this mixture are neither a PBT- or a vPvB substance

## Section 13. Disposal considerations

*Version:* 1.0

*Date of issue/Date of revision:* 26.10.2022

*Date of previous issue:* 00.00.0000

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

- Disposal methods** : The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

<b>Section 14. Transport information</b>
--

	<b>ADG</b>	<b>ADR/RID</b>	<b>IMDG</b>	<b>IATA</b>
<b>UN number</b>	-	-	-	-
<b>UN proper shipping name</b>	Not regulated.	Not regulated.	Not regulated.	Not regulated.
<b>Transport hazard class(es)</b>	Not regulated.	Not regulated.	-	-
<b>Packing group</b>	-	-	-	-
<b>Environmental hazards</b>	No.	No.	No.	No.

**Additional information**

**ADG** : Not regulated.  
**Hazchem code** Not applicable

**IMDG** : Not regulated.

**IATA** : Not regulated.

**Special precautions for user** : Transport within user's premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to IMO instruments** : Not available.

Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

## **Section 15. Regulatory information**

### **Standard for the Uniform Scheduling of Medicines and Poisons**

Not regulated.

### **Model Work Health and Safety Regulations - Scheduled Substances**

No listed substance

### **International regulations**

#### **Chemical Weapon Convention List Schedules I, II & III Chemicals**

##### **Chemical Weapons Convention List Schedule I Chemicals**

None of the components are listed.

##### **Chemical Weapons Convention List Schedule II Chemicals**

None of the components are listed.

##### **Chemical Weapons Convention List Schedule III Chemicals**

None of the components are listed.

### **Montreal Protocol**

None of the components are listed.

### **Stockholm Convention on Persistent Organic Pollutants**

#### **Annex A - Elimination - Production**

None of the components are listed.

#### **Annex A - Elimination - Use**

None of the components are listed.

#### **Annex B - Restriction - Production**

None of the components are listed.

#### **Annex B - Restriction - Use**

None of the components are listed.

#### **Annex C - Unintentional - Production**

None of the components are listed.

### **Rotterdam Convention on Prior Informed Consent (PIC)**

#### **Rotterdam Convention on Prior Informed Consent (PIC) - Industrial**

None of the components are listed.

#### **Rotterdam Convention on Prior Informed Consent (PIC) - Pesticide**

Version: 1.0

Date of issue/Date of revision: 26.10.2022

Date of previous issue: 00.00.0000

## Rexona Men Antiperspirant Deodorant Ice Cool (Rollon)

None of the components are listed.

**Rotterdam Convention on Prior Informed Consent (PIC) -Severely hazardous pesticide**

None of the components are listed.

**UNECE Aarhus Protocol on POPs and Heavy Metals****Heavy metals - Annex 1**

None of the components are listed.

**POPs - Annex 1 - Production**

None of the components are listed.

**POPs - Annex 1 - Use**

None of the components are listed.

**POPs - Annex 2**

None of the components are listed.

**POPs - Annex 3**

None of the components are listed.

**Inventory list**
