## Hospital Grade Disinfectant Disinfectant Wipe

**Biosan II Wipes** employ the same Biosan II formulation used for hospital grade and COVID disinfection. Now in the convenience of a high quality wipe. Ideal for use on smooth, hard surfaces to destroy and guard against bacteria, viruses, moulds and yeasts.

Biosan II has incredible biocidal efficacy and rapidly wets out and penetrates pores on the contact surface. This is complemented by its extremely high tolerance of organic soil. These features ensure reliable, consistent disinfection.

**Biosan II Wipes** are non-toxic, non-corrosive, easy-to-use and ideal for cleaning and disinfection in healthcare facilities, schools, education facilities, retail precincts, transport, public areas and many more. Biosan II has been proven effective against a wide variety of microorganisms including; Coronavirus SARS-CoV-2 (COVID-19), Pseudomonas.aeruginosa, Proteus Vulagaris, Escherichia Coli (E-Coli), Staphylococcus Aureus, Salmonella Choleraesuis, Aspergillus Brasiliensis.

### Benefits

- **Sophisticated Anti-microbial Blend** – Biosan II employs a potentiated biocidal blend which provides a significantly faster and wider scope of kill.
- **Penetration** – To provide ultimate sanitization of target surfaces, this powerful anti-microbial package has been combined with super-wetting technology. This enables the biocide to wet out surfaces faster and more effectively.
- **Broad Spectrum of Activity** – Biosan II has lethal capacity against an extremely broad scope of microorganisms, making it the ideal product for a wide variety of applications.
- **Provides a Safe Working Environment** – ideal for removing or minimizing dangerous micro-organisms where bio-contamination has occurred involving blood, human and animal body fluids, organics and mould.
- **Eliminates odours** – Biosan II eliminates odours at their source by powerful anti-microbial action against odour causing germs.
- **Does not contain Chlorine or Gluteraldehyde.**

### Packaging

Packed in a flow pack (80 pack)

### Safety

Always pre-test in an inconspicuous location for substrate sensitivity to chemicals. Observe all safety directions and read the SDS before use.
